The Otaku Lexicon

Otaku Someone who's obsessively interested in anime, manga and video games to the point of lacking a social life.

Riajū A person who leads a fulfilling real life. Can be taken to be the opposite of Otaku.

Lolicon A person who has a lolita complex, that is, who finds young girls or females with child-like bodies sexually desirable. Of course, among Otakus, this usually only applies to 2D characters.
